

## Boost your sales with the most cost-efficient backwall display solution

### A visual impact in just a few steps.

The assembly of the duo.relay is reduced to the minimum. One minute to open the container, put up the banner stands, adjust the height and put them together thanks to the edge-to-edge magnet. This is fast - very fast - without tools or parts to fit together.

The duo.relay creates a seamless graphic backwalls at a fraction of the cost of a traditional pop-up display.

### Groundbreaking edge-to-edge magnet connection

1. The tripod feet linked with bungee cord induces a quick, simple and secure automatic set-up. The base brings three rest points for variable placements.
2. The high-precision undercutting steel node is essential for a necessary weight that brings balance and overall steadiness.
3. The state of the art spin-lock mechanism on the telescopic pole induces an easy height adjustment without tools. The high-gripping plastic twisting locks ensure the holding of the pole once extended.
4. The adjustable ring is a sliding part on the pole secured with a locking screw. Easy to handle and adjust, the ring offers a great versatility in graphics sizes.
5. The edge-to-edge magnet connection offers a seamless result with a terrific visual impact.
6. The floodlight can be inserted it on the special groove located on the head of the pole. This sliding-groove is an optimized hanging system.
